The pursuit was initiated at the \_\_\_\_\_ Initially, we were unable to get on the air, due to a citywide broadcast that was taking place. We were finally able to request the air as we were approaching the block of \_\_\_\_\_ We were given the air to broadcast by the dispatcher, at which time I was able to give our location, and direction of travel. The dispatcher responded and I was told to continue my broadcast. As other

squads responded to our chase, I was unable to get on the air. The radio continually beeped as I tried to key the microphone. The radio would also emit a steady beep as I attempted to continue our broadcast.
