<b>Narrative:</b>	<p>During a traffic stop the portable radio was not functioning at all. I did hear a beep every so often. The dispatcher was trying to reach me and I did not hear the request until I returned to the squad. The squad radio was garbled and was intermittent at best. My partner (Jeffery VAVERA) also had problems with his handheld. While we were talking to the driver, the squad camera clearly showed myself checking my handheld radio because it was making a beeping noise. No transmissions were received at all during this problem. The video was captured by squad car 203.</p>
