<b>Control Light Issue:</b>	
<b>Antenna</b>	
<b>Radio:</b>	
<b>Transmissions:</b>	
<b>Problem Frequency</b>	Intermittent
<b>Problem Seems:</b>	
<b>Narrative:</b>	<p>This report is written by P.O. Mihael Bachmann, assigned to District 4, early shift. On 01/31/2009 at about 3:36 p.m. I was attempting to conduct a high risk felony stop. As I attempted to use the KSA rasio to alert for back up, the passenger of the vehicle fled on foot. By the time I was able to get on the air the fleeing subject had about a 30-40 second head stard. When I was finally able to get on the air the responding squads had a difficult time understanding my transmission as to where the fleeing subject fled. Officers stated that I sounded garbled. This happened while using the new Maxon hand held radio.</p>
