Narrative:	While at this location my portable radio would not transmit. At 5:18am I had to use and analog radio to have a squad respond to . While at I heard radio traffic on Squad 4321 analog but nothing came over on my digital radio. I attempted to use my digital radio in my squad car and was unable to receive or transmit on the radio. When I returned to the station, the radio worked. I noticed "TG:MPD 2" appeared on the radio when i was unable to transmit. I returned to and the problem ocurred again.
