He called again a short time later, I responded and when he attempted to transmit all there was , was dead air until the words, "Number Two last name" and more dead air. The next attempt was at 12:16 PM from a different location. After I responded to his call there was nothing at all from him until about two minuted later when he asked if I got that. The officer stated he was in the area of when this occured. This was on channel four.
