Problem Frequency Continuous

Problem Seems:

Narrative: During sub w/gun call at _____, responding squads were unable to communicate with other units onscene or dispatch. Squads onscene either were unable to transmit, or what they were able to transmit was so garbled it was useless. During this assignment a **subject with a gun was indeed found inside the** _____. This was a **complete failure of this system during a critical incident.** This not only put the lives and safety of responding officers at risk, but an entire _____ full of staff and students.
