Audio	Intermittent
Transmit Tone:	
Receive Tones	
Control Light Issue:	
Antenna	
Radio:	Turns On
Transmissions:	Will Not Transmit
Problem Frequency	Continuous
Problem Seems:	Non Location Dependent

Narrative: Regarding portable radio This radio is assigned to District #6, as a TEST radio, with upgrades. Upon its field test with Officer Laura LITWIN, the radio was receiving well. However, during all transmissions the radio would make a constant helicopter / chopping sound, which interfered with the transmission and other end would not get clear information, also the transmission was intermittent. I also tested the radio during my shift (early shift) and found the radio to be doing the same thing everytime I would use the PTT. Once again this is one of 14 radios issued to District #6, for testing.

Respectfully

P.O. Mitchell L. ROSS, P.S. #014194
