Narrative:	<p>This report is written by PO John NEUBURG, assigned to district 5, late shift. On Monday, May 10, 2010 at 4:38AM, District 5 dispatch called regarding a previous assignment. I answered back over the squad radio in squad #123. During my broadcast on KSA536, the transmission cut out and I received a single 2 second long beep which subsequently ended my transmission. I have received this problem in the past on and off in various locations. During this broadcast, I had the button held down firmly the entire time. PO Marcus PAGE was with me and can verify the accuracy of this information.</p>
