

PETITION FOR DIRECT LEGISLATION

I, the undersigned, a qualified elector of the City of Milwaukee request that the proposed ordinance below, without alteration, either be adopted by the common council or referred to a vote of the electors pursuant to the provisions of §.9.20, Wis. Stats.

PROPOSED ORDINANCE

Prior to the start of any physical construction of any municipally financed (in whole or in part) rail transit system requiring a capital expenditure of \$20 million or more in municipal funds or funds guaranteed by or supported by an express or implicit promise of the City, whether or not such promise is legally enforceable, the Common Council shall submit to the electorate a binding referendum for approval of the construction of the system. Failure of the referendum shall preclude the City from proceeding with or otherwise permitting construction of such system or any part thereof using any City funds or revenues. The wording of the referendum shall provide the specific purpose, location, and the total estimated construction costs of the system, including an estimate of the costs to be funded directly or indirectly by the City. Nothing in this section shall be construed to preclude the City from exercising its role in the engineering, planning or design of an urban rail transit system.
